

Principal Report

Parking

I have received phone calls from local residents this year concerned that sometimes cars park across their driveway. Please be respectful of our local residents and park in a legal way in our surrounding streets. It's often better to walk an extra 100m than get a ticket. There are many local streets around where you can park legally and have your children walk rather than try to get a park close to the school. If you can work out one of these points with your children they should be able to meet you there about 5 to 10 minutes after the bell and you will find the drop off and pick an easy thing to do as well as teaching your child some independence and responsibility. The local council officers have been contacted by local residents and will patrol on a regular basis. You do not want to receive a parking ticket for parking somewhere that puts the lives of your children as well as others at risk. These days the local bylaws officers take your photo and you receive an infringement notice in the mail.

In many spots on Gladstone Road it is very narrow. This makes legal parking hard as your wheels cannot be on the nature strip or you will be fined, as was the case last week!

Kitchen Program

Our new Kitchen program is off and running. Betty and the children were having a great time on my visit to the program. Energy levels were high and the food looked great! There was a definite buzz in the room and that wasn't just because the air conditioner was on....(dad joke!)

Gastro Diarrhoea and other Tummy Bugs!

If you have an outbreak of Gastro or something similar at home with your child please take the Department advice that states 'Exclude until there has not been vomiting or a loose bowel motion for 24 hours'. It keeps us all in good health and prevents any further illness or outbreaks occurring at school.

On that note..have a great weekend!
