Statement of commitment to child safety

Briar Hill Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff and volunteers to inform our ongoing strategies.

Roles and responsibilities

School leadership team

Our school leadership team (comprising the Principal, Assistant Principal, Learning Specialist and Team Leaders) is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

Principals and Assistant Principals will:

- ensure effective child safety and wellbeing governance, policies, procedures, codes and practices are in place and followed

- reinforce high standards of respectful behaviour between students and adults, and between students
- promote regular open discussion on child safety issues within the school community including at leadership team meetings, staff meetings and school council meetings
- facilitate regular professional learning for staff and volunteers (where appropriate) to build deeper understandings of child safety, cultural safety, student wellbeing and prevention of responding to abuse
- create an environment where child safety complaints and concerns are readily raised, and no one is discouraged from reporting an allegation of child abuse to relevant authorities.

School staff and volunteers

All staff and volunteers will:

- participate in child safety and wellbeing induction and training provided by the school or the Department of Education and Training, and always follow the school's child safety and wellbeing policies and procedures
- act in accordance with our Child Safety Code of Conduct

- ensure students' views are taken seriously and their voices are heard about decisions that affect their lives
- implement inclusive practices that respond to the diverse needs of students.

School council

In performing the functions and powers given to them under the *Education and Training Reform Act 2006*, school council members will:

- champion and promote a child safe culture with the broader school community
- ensure that child safety is a regular agenda item at school council meetings
- undertake annual training on child safety,
- approve updates to, and act in accordance with the Child Safety Code of Conduct to the extent that it applies to school council employees and members

Specific staff child safety responsibilities

Briar Hill Primary School has nominated a Child Safety Champion, our Welfare Coordinator, to support the Principal to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the child safety champion are outlined at Guidance for child safety champions.

Our Principal and child safety champion are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The Principal is responsible for monitoring the school's compliance with the Child Safety and Wellbeing Policy. Anyone in our school community should approach the Principal if they have any concerns about the school's compliance with the Child Safety and Wellbeing Policy.
- The Principal is responsible for informing the school community about this policy, and making it publicly available
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

The Leadership team takes responsibility for Child Safety and Wellbeing and the JSC forms a Student Reference Group on child safety. The Child Safety and Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing. The Student Reference Group provides an opportunity for students to provide input into school strategies.

Our Risk Management Committee monitors the Child Safety Risk Register.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct also includes processes to report inappropriate behaviour.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures

and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Establishing a culturally safe environment

At Briar Hill Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

At Briar Hill Primary School we encourage and actively support a child or student's ability to express their culture and enjoy their cultural rights in the following ways:

- we offer Culture and Environment Studies as a specialist subject
- equip staff, students, volunteers and the school community to acknowledge and appreciate the strengths of Aboriginal culture and understand its importance to the wellbeing and safety of Aboriginal children and students
- adopt measures to ensure racism is identified, confronted and not tolerated
- address any instances of racism within the school environment with appropriate consequences
- actively support participation and inclusion in the school by Aboriginal children, students and their families
- ensure school policies, procedures, systems and processes together create a culturally safe and inclusive environment and meet the needs of Aboriginal children, students and their families
- develop and endorse a policy or statement detailing the strategies and actions the school will take.

Student empowerment

To support child safety and wellbeing at Briar Hill Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through the implementation of our Kindness Framework, Respectful Relationships, our student Code of Conduct and our social and emotional learning program.

We inform students of their rights through our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at https://www.briar-hill-ps.vic.edu.au/

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Other ways in which our school will empower children and students and comply with Child Safe Standard 3 is to:

- inform students about all their rights, including their rights to safety, information and participation
- recognise the importance of friendships and encourage support from peers, to help students feel safe and be less isolated
- make sure staff and volunteers:
    - are attuned to signs of harm
    - facilitate child-friendly ways for students to express their views, participate in decision-making and raise their concerns
- develop a culture that encourages participation and responds to what students say
- give students opportunities to participate, and respond to their contributions to strengthen confidence and engagement
- offer students access to sexual abuse prevention programs and related information in an age-appropriate way.
- develop curriculum planning documents or other documentation that details how the school will address these requirements.

Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Briar Hill Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- seeking input from families and community through the parent portal, school website, newsletters, other communications, school council, subcommittees of school council, student, staff, and parent meetings etc.
- all of our child safety policies and procedures will be available for students and parents on the school website and as a hard copy from the school office.
- Newsletters and compass will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.
- PROTECT Child Safety posters will be displayed across the school at locations that are visible daily for all staff and students.

To comply with Child Safe Standard 4 we will:

- make sure families participate in child safety and wellbeing decisions which affect their child
- engage and openly communicate with families and the school community about its child safe approach
- make child safety information accessible
- involve families and the school community in developing and reviewing child safety and wellbeing policies and practices
- inform families and carers about the school's governance and approach to child safety and wellbeing, including roles and responsibilities of school staff.

As a school we will refer to PROTECT Child Safe Standard 4 guidance for suggestions

Diversity and equity

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence
- international students
- children and young people who identify as LGBTIQ+.

Our Student Wellbeing and Engagement Policy provides more information about the measures we have in place to support diversity and equity.

To comply with Child Safe Standard 5 the school will develop and endorse a policy statement or curriculum document that details the strategies and actions it will take to uphold diversity and equity, that:

- makes sure school staff and volunteers understand the diverse circumstances of students, provides support, and responds to vulnerable students
- gives students, staff, volunteers and the school community access to information, support and complaints processes in ways that are culturally safe, accessible and easy to understand
- pays particular attention to the needs of:
    - students with disability
    - students from culturally and linguistically diverse backgrounds
    - students who are unable to live at home
    - international students
    - lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) students
    - Aboriginal students and provides and promotes a culturally safe environment for them.

As a school we will refer to the school strategies and actions for diversity and equity as per Ministerial Order 1359, Clauses 9.2 and 9.3 and PROTECT Child Safe Standard 5 guidance for suggestions.

- collect and record:
    - proof of the person's identity and any professional or other qualifications
    - the person's history of working with children
    - references that address suitability for the job and working with children.

Ongoing supervision and management of staff

All staff engaged in child-connected work will be supervised appropriately to ensure that their behaviour towards children is safe and appropriate.

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work. This will be done by ensuring that all staff are up to date with mandatory training ie: Protecting Children, Mandatory Reporting through our Occupational Health and Safety training schedule.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and department policies and our legal obligations. Child safety and wellbeing will be paramount.

We will refer to people management processes in line with Ministerial Order 1359, Clause 10 and to PROTECT Child Safe Standard 6 Guidance for suggestions.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

We will continue to refer to PROTECT Child Safe Standard 8 Guidance for suggestions on how to meet this standard.

School council training and education

To ensure our school council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained at least annually. Training includes guidance on:

- child safety and wellbeing risks in our school environment
- Briar Hill Primary School child safety and wellbeing policies, procedures, codes and practices

Complaints and reporting processes

Briar Hill Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. The Complaints Policy can be found on our school website https://www.briar-hill-ps.vic.edu.au/

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees and homestay providers) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the Four Critical Actions for complaints and concerns relating to adult behaviour towards a child
- the Four Critical Actions: Student Sexual Offending for complaints and concerns relating to student sexual offending

Our Student Wellbeing and Engagement Policy and Bullying Prevention Policy cover complaints and concerns relating to student physical violence or other harmful behaviours.
